Dear Governor Perry:

As a resident of Texas, I am concerned about the issues listed below and wish to make you and the Legislature aware of my opinions.

**Lottery Profits for Education:** Some are urging lawmakers to pass legislation that would require lottery profits to go to fund public education. Those in favor say television and print advertisements led them to believe the money would go to education, rather than to a general fund. They add that Texas education is in dire need of the funding. Those against it say many worthy causes are in need of funding, including transportation, and that the state should not dedicate all funds to education. **Are you in favor of dedicating lottery profits to public education?**

☒ YES      ( ) NO      ( ) UNDECIDED

My Comments: \_\_\_\_\_

**Distracted Driving:** Some are urging state lawmakers to pass a law that would call for heavy fines, jail time, and loss of driver's license for drivers who text or e-mail while driving. Those in favor say hundreds of thousands are injured or killed on the road each year because drivers are paying attention to a hand-held device. Those against such a measure say texting and e-mailing are a part of modern life and most drivers do it safely. They say only drivers who actually cause accidents should receive those penalties. **Are you in favor of such a law?**

**Water Use Taxes:** Lawmakers are considering a measure that would call for state water use taxes to be raised for non-essential water uses, such as landscaping and recreational use. Those in favor say the state must learn to conserve water and that taxation is the best way to do that. Those against such a measure say what some consider non-essential, others consider essential. They add that desalination or wastewater reclaiming methods would be better for the state. **Are you in favor of raising water use taxes?**

( ) YES      ( ) NO      ☒ UNDECIDED

My Comments: \_\_\_\_\_

**Photo ID to Vote:** After circuit judges in Washington D.C. struck down the Texas Photo ID law, some are continuing to call for a law that would require voters to present a valid photo ID at the polls. Those in favor say voter fraud is rampant and state lawmakers should continue to push for such law to make sure thousands of illegal immigrants don't get a say at the polls. Those against it say it puts an unnecessary burden on lower income people who may not have a driver's license, and it unfairly discourages them from going to the polls. **Are you in favor of continuing to push for a photo ID law?**

They add that Texas education is in dire need of the funding. Those against it say many worthy causes are in need of funding, including transportation, and that the state should not dedicate all funds to education. **Are you in favor of dedicating lottery profits to public education?**

☒ YES ☐ NO ☐ UNDECIDED

My Comments: The lottery was sold to the taxpayers as a way to fund education, not deep into the fund (genfund) and use for anything. Just don't raise taxes on other things to make up for the shortfall.

**Water Use Taxes:** Lawmakers are considering a measure that would call for state water use taxes to be raised for non-essential water uses, such as landscaping and recreational use. Those in favor say the state must learn to conserve water and that taxation is the best way to do that. Those against such a measure say what some consider non-essential, others consider essential. They add that desalination or wastewater reclaiming methods would be better for the state. **Are you in favor of raising water use taxes?**

☐ YES ☒ NO ☐ UNDECIDED

My Comments: No this is giving govt too much power over things they don't need to be.

**Distracted Driving:** Some are urging state lawmakers to pass a law that would call for heavy fines, jail time, and loss of driver's license for drivers who text or e-mail while driving. Those in favor say hundreds of thousands are injured or killed on the road each year because drivers are paying attention to a hand-held device. Those against such a measure say texting and e-mailing are a part of modern life and most drivers do it safely. They say only drivers who actually cause accidents should receive those penalties. **Are you in favor of such a law?**

☐ YES ☐ NO ☒ UNDECIDED

My Comments: I would say yes as long as drivers that cause accidents in other ways get the same penalties, i.e. drinking & driving

**Photo ID to Vote:** After circuit judges in Washington D.C. struck down the Texas Photo ID law, some are continuing to call for a law that would require voters to present a valid photo ID at the polls. Those in favor say voter fraud is rampant and state lawmakers should continue to push for such law to make sure thousands of illegal immigrants don't get a say at the polls. ☒ YES ☐ NO ☐ UNDECIDED

My Comments: I believe they should show proof to who they are at the voting booth. People could say they are anyone to get to vote for them, alive or dead.

**Message:**

Gov. Perry,

I am urging you to ask for a special session dealing with the immigration issues that you addressed in your state-of-the-state address:

"I also support an end to the notion of sanctuary cities. Local government sends the wrong message when they pick and choose what laws they want their piece officers to enforce."

"We should also track the citizenship status of those receiving state-funded services so we can get our hands around the financial impact of Washington's failure to handle the immigration challenge."

"Originating in foreign countries and taking shape in our prisons, these gangs have been radiating outward into our towns, schools, and neighborhoods, applying terror tactics to build their influence."

Due to the stalling tactics of several legislators during the final days of House floor debate, several important immigration related bills died on 5/26/09 at midnight.

If you, Gov. Perry, do not deal with immigration this session, Texas will soon follow in the footsteps of California -- bankrupt and fractured due to the failure of their Governor to stem the never ending tide of illegal aliens into their State. With an election season looming, Governor Perry surely desires a better track record than that of the "California Terminator."

During Governor Perry's State-of-the-State Address on January 27, 2009, he made several statements suggesting he supported passage of immigration reform legislation this session. Did he mean what he said or were his statements (see below) just politics as usual?

Quotes from the Governor's address follow along with several of the bills which were introduced to deal with his concerns:

1. "I also support an end to the notion of sanctuary cities. Local government sends the wrong message when they pick and choose what laws they want their piece officers to enforce."
  - Sen. Dan Patrick introduced SB 358 to address ending "sanctuary city" policies in Texas.
2. "We should also track the citizenship status of those receiving state-funded services so we can get our hands around the financial impact of Washington's failure to handle the immigration challenge."
  - Rep. John Zerwas introduced HB 276 which would have required State agencies to report the costs associated with services provided to illegal aliens.
3. "Originating in foreign countries and taking shape in our prisons, these gangs have been radiating outward into our towns, schools, and neighborhoods, applying terror tactics to build their influence."
  - Sen. John Carona introduced SB 11, SB 366, SB 369, SB 371, and SB 423 (and additional related bills left pending in committee) to deter the growth of transnational gangs.
4. "I believe we should also require the same identification procedure for voting that we require for voter registration. .... A democracy without proper protections against voter fraud cannot preserve the public trust."
  - Sen. Troy Frazer introduced SB 362 and Rep. Betty Brown introduced HB 125 to address the increasing concern of voter fraud and election integrity in Texas.

Tell the Governor you expect him to "call a Special Session and to include in his proclamation the subject of immigration reform" which should deal with the following important issues:

End "sanctuary city" policies in Texas;  
 Deter the growth of violent transnational gangs in Texas;  
 Require determination of citizenship status for receipt of any state-funded benefits or services; and

Morning Governor Perry

I thought I would give you my suggestion about how to handle and control the illegal immigration in our Great State of Texas .

1. If you have a valid driver license the state could require you to take a copy of your birth certificate and show proof you were born here in the United States when applying for a new Driver License or the renewal of one. This would be recorded onto your driver license and if you get pulled over you are going to be asked for your Drivers License, and Proof of Insurance. Then the officer goes to his Lap Top keys in your Drivers License number to see if you have any warrants or outstanding ticket. They at that time can check to see if you are legal. They have the tool in D/L # to check lots of stuff. I would like for them to make it mandatory to take copy of Birth Certificate and have this reordered ASAP.

2. If you don't drive like my mom and mother-in-law didn't. You can go to the Texas Dept. of Public Safety and pay to get a State ID which they require a copy of your birth certificate to be able to get this ID. This is good for anyone that need a Gov. ID and can serve as proof of being a legal USA Citizen. All this information can be put on this State ID. All states can do this and would save lots of trouble & time for any officer who pulls anyone over.

3. To register to vote you must have a photo ID. If you have to show a State ID when going to vote, they can then check out if you are a legal citizen and also check to see if you are eligible to vote at that location plus they can check to see if you already have voted under that same name and license number some place else. This would stop a lot of that double voting which we all know was done in this last presidential election. You know how they have all these campaign before a big election about registering to vote. Now they can do this ASAP so people who don't have Gov. Issued Photo ID can have time to go to the Dept. of Public Safety to get a Photo ID. I think this should apply to anything you do, Vote, enroll your children in Public School, sign up for Welfare, Medicare/Medicaid, Buy a Car, get insurance for your car, House, a boat.

5. I think anyone applying for Welfare or Government Assistants should have proof they are American Citizen. I see so many people that have a Lone Star card and I know they are all illegal. Start checking Proof of Citizenship when applying for any kind of Gov. Assistants will cut down on all this money that are being given to illegal. This alone will help the Texas and U. S. Economy.

4. Another thing just because you give birth to a child here in the United States & you are illegal does not make your child a U.S. Citizen. We need to put a stop to this also. No other country does this.

Also I just wanted to let you know that my two grandsons who are in the Lewisville ISD have School Photo ID. The oldest is in Middle School and the 9 year is in Elementary. I don't know about any other School System but there again this is good idea to make sure kids are suppose to be in that school.

5. Silver Alert: I think you need to promote this. I know you are the one who approved this and the Amber Alert. Great idea, please read how my husband and I saw a Silver Alert and found the elderly man at Captain D's in Highland Village because I saw the electric Highway Billboard. This does work.

If you need to call me my cell phone number is 214-543-1348

Best regards &  
Good luck,  
Linda Bateman

GOD BLESS TEXAS  
AND  
THE UNITED STATES OF AMERICAN  
AND  
YOU TOO GOVERNOR PERRY.....

**Silver Alert Suggestion:**

On Friday, March 6th, 2009 my husband James and I were on the way to Ft. Worth around 9:30 in the morning somewhere around Bedford when I noticed an Electric Billboard with a "Silver Alert". It was for a Missing Elderly Man from Garland driving a White Toyota. When we left Ft. Worth around 2:45 PM coming down Hwy 121 we saw another Electric Billboard

9/13/10

with the same message. Did not think much about it and went on to my hair appointment in Lewisville. Once I was finished James and I went to eat at Captain D's in Highland Village. We were sitting in a booth close to door when I overheard this elderly man ask Mr. Nelson and a friend of his how to get to Seagoville. I looked at Mr. Nelson's friend and asked him, "did he say Seagoville?" and he said yes, I then said that is a long ways from here. Then Mr. Nelson came over to our table and said he was going to direct him to go to 635 South to 175 and I said well that would get him there but that's a long ways from here. So I got up to throw our stuff away and walked over to him. I asked him if he lived in Seagoville, he said sometimes. I asked him do you live in Garland and he said yes, so I asked to see his driver's license and noticed it had a Garland address then I asked him what kind of car are you driving. He said a White Toyota. Mr. Nelson had gotten a phone call and was outside the restaurant, I went outside and told I had seen an Electric Billboard in Bedford and Ft. Worth with a Silver Alert for a Missing Elderly Man from Garland driving a white Toyota and he had just told me he had a white Toyota. I felt he was the missing man from Garland. So he called the Highland Village Police Dept. So I went back inside and asked Mr. Garrison if he would like something to eat. I asked my husband to stay with him while I went to get him something to eat. So Mr. Nelson and his friend and stood in line to get our food and we talked about it. Mr. Nelson said the Highland Village Police Dept. was sending a police officer.

When Officer Finley arrived James & I were sitting with Mr. Garrison, Mr. Nelson and his friend were at table right beside us. Officer Finley sat down and began to question Mr. Garrison while he ate. I explained to Officer Finley that I thought he was the missing elderly man from Garland, I told him about me seeing the Electric Billboard with the Silver Alert for a Missing Elderly Man from Garland driving a White Toyota. I told him I had asked to see his Driver's License & he was from Garland and he was driving a White Toyota. He asked Mr. Garrison for his driver's license and called his dispatcher and asked to call the Garland Police Dept. Then Officer Finley shook his head signaling me he was the missing elderly man from Garland. He then said his family was coming to pick him up at the Highland Village Police Dept.

I then asked Officer Finley if he needed us for anything else and he said no, but would like our names and a phone where they could contact us if they needed to. I gave him our names and phone numbers and left. We were just glad we did not let him get back on the road and that he was going to be re-united with his family.

Dear Gov. Perry,

I would like to see all of your innogural promises below fulfilled. Please call a special session for immigration reform. PLEASE STAND UP FOR TEXAS... BE A LEADER LIKE SHERIFF JOE IN ARIZONA... TAKE A STAND AND STOP SUPPORTING ILLEGAL ALIENS WITH STATE FUNDS... SEND THEM HOME & PROTECT THE BORDER FROM THEIR INVASION.

I can lead you to many illegal alien construction workers in my neighborhood. Have ICE call me, we can round them up and send them packing!

Since the Voter ID requirement has failed, these other policies should be enforced for the financial responsibility of this great state. Like Californian's please do not break Texan's for a few illegal votes!

End "sanctuary city" policies in Texas;  
Deter the growth of violent transnational gangs in Texas;

Require determination of citizenship status for receipt of any state-funded benefits or services; and

Preserve election integrity in Texas by requiring photo/voter ID at the polls.

Dear Governor Perry:

It has been extremely disappointing to see the obstructionist tactics of certain legislators opposed to common sense immigration-related reforms during the current legislative session. I am writing to encourage you to call a special session of the legislature immediately following the end of the regular session, and that the special session include consideration of:

- Positive voter identification at the polls
- Ending "sanctuary city" policies, like those employed by Austin and Houston, among others
- Citizenship requirements for non-emergency state-funded benefits or services
- Deterrence of multi-national gangs.

These are matters that are supported by the great majority of Texans, and you have also expressed support for these reforms. These issues deserve to stand or fall on their own merits, not be blocked by the procedural whims of a few special interests. We can't afford to become another California!

Thank you for your consideration.
